THIS IS UNEVALUATED INFORMATION

There is little Soviet troop activity near the Korean-Soviet-Manchurian border. A few Soviet army vehicles were observed in the Najin (130-19, 42-15) (FB-0978) and Unggi (130-24, 42-21) (FB-1589) areas. Soviet trucks and jeeps make a weekly night convoy trip from Najin into the USSR.

THIS IS UNEVALUATED INFORMATION

1. Heavy construction materials, primarily iron and steel, were being shipped by rail from Voroshilov to stockpile the Hunch'un (130-22, 45-52) area in early February.
2. Part of these materials, which had been abandoned by the Soviets in 1945-46, were for the construction of soy bean oil refineries and timber mills in the Hunch'un border area. About ten Soviet chemical engineers are doing experimental work on derivatives of soy oil.
